Forecast for Friday 26 May 2023

Weather: Dry throughout. A sunny start. Clouding over across the far west of the area by late morning, cloudier weather extending east in the afternoon. Cloud thinning through the evening.

Chance of cloud-free hill tops above 800m: 70%, best chance in the east in the morning. Higher peaks are the most likely to see cloud and poor visibility.

Low cloud and visibility: Very good visibility with great air clarity outside of cloud. Becoming poor in areas of cloud above 900 metres through the day shrouding some of the higher peaks.
